

JACK BARSTOW AIRPORT ADVISORY COMMISSION

AGENDA

April 7, 2015

5:00 p.m.

City Hall

1. Call to Order – Roll Call
2. Approval of Previous Minutes (Jan 6, 2015)
3. Monthly Activity Report (Jan-Mar) - J.T. Rairigh
4. Airport Maintenance Status Report - J.T. Rairigh
5. Old Business:
 - a. Proposed Viewing Area Update – Jim Cordes
6. New Business
 - a. 6-24 Runway Light Replacement Update – Brian
 - b. Future Capital Projects Review
7. Public Comment
8. Adjourn

MINUTES OF THE BARSTOW AIRPORT ADVISORY COMMISSION MEETING

January 6, 2015

PRESENT: Pollack, Siemer, Janson, Lind

EXCUSED: Senesac

LOCATION: City Hall

OTHERS: Tom Ryden, Marty Wazbinski, Mrs. Janson, 4 students from Bullock Creek

REPORTED BY: Brian McManus, Airport Manager

Commissioner Pollack called the meeting to order at 5:00 p.m.

The minutes of the November 4, 2014 were reviewed. It was moved by Siemer and supported by Matt Janson **“to approve and file the minutes of the November 4, 2014 meeting.”** Approved (4/0).

The Monthly Manager's Activity Report for November and December was presented by JT. Flight activity was up slightly due to some decent weather most likely. It was up 30% year over year. Business flights were up as well.

Fuel sales were down 25% but margins are good. The number of good flying days were comparable to last year.

Commissioner Pollack interjected some valuable learning information for the 4 students including mention of Young Eagles program, Dot's aviation camp, compass directions as related to runway numbering and other valuable information.

Three City hangars are currently open as things have slowed a little.

JT discussed in detail the snow plowing operation and how the new snow removal tractor has helped tremendously. It has been a busy year so far. The Oshkosh is priceless and he maintains it in good order to the best of his ability. It takes about 16 hours to complete plowing after a storm.

OLD BUSINESS

Matt Janson provided an update to the Midland Community Aviation Discovery Area. The proposed project is moving along remarkably well with regard to planning. They have been focused on fund raising and now they are focused on design. They already have enough financial commitments to have a decent project. The committee will present to City Council in the near future.

NEW BUSINESS

Brian gave an update to on the Runway 6-24 light replacement project. It will be approximately a \$300,000 project and MDOT is planning to come up with about \$150,000 in apportionment. The project design will begin shortly.

Rich Siemer updated us on the fuel sales study. The pricing strategy has effectively done as we planned it to do. Our fuel price is based on product value, reasonable profit, and competitive pricing.

No public comment.

To: Barstow Aviation Advisory Commission
From: Brian McManus, Airport Manager /BPM
Date: April 1, 2015
Subject: Observation Area Report

Jim Cordes will provide the latest update for the planning of the observation area. It is moving along well and we are ready for construction.

City Hall • 333 West Ellsworth Street • Midland, Michigan 48640-5132 • 989.837.3300 • 989.835.2717 Fax • www.midland-mi.org

To: Barstow Aviation Advisory Commission

From: Brian McManus, Airport Manager /Bm

Date: April 1, 2015

Subject: Runway 6-24 Lighting

MDOT Bureau of Aeronautics has made funding available to immediately start design and also move the construction ahead one year to 2015 as opposed to the original 2016 schedule as we discussed before.

We will provide an update on the project as it is ready to be bid out.
